COMPANY FORMED FOR QUITMAN COAL

WORK STARTED TODAY ON DR. F. M. RYANS PLACE FOR COAL

1ST LOAD HERE SATURDAY

Capital Stock Fixed at $2,000 of 40 Shares—17 Subscribers at Yesterday's Meeting at Quitman.

At a meeting of a number of Maryville and Quitman men held at Farmer Bank at Quitman yesterday afternoon, an organization was formed for the purpose of getting out some coal out of the mines in that community. It was decided to call the organization the Quitman Coal company and the capital stock was fixed at $2,000 with forty shares of $50 each.

Seventeen shares of the forty were subscribed for at this meeting. The following were the subscribers: R. I. Bilby, H. C. Bailey, J. J. Gillinger, F. C. Wilson, R. H. Smith, J. S. Carden and Fred Wright of Quitman; and Dr. F. M. Ryan, Dan R. Baker, J. J. Heifner, C. F. McCaffrey, James Todd, G. B. Roseberry, John Ditto, Judge John Dawson, E. E. Williams, George B. Baker of Maryville.

Quitman is wanting half of the capital stock and had until late this afternoon to raise that part. It is thought the rest of the stock can be easily raised in Maryville during the rest of the day today.

Work started today on the Dr. F. M. Ryan's farm under the direction of J. J. Gillinger as superintendent of construction, and M. M. Cunningham of Quitman, who is a practical miner, in charge of mine work. Two shafts were sunk a few years ago on the i an farm and all that is necessary is to clean these shafts out. The Ryan place is located close to Quitman on the east side of that town.

It is expected the first load of coal will be in Maryville Saturday afternoon and arrangements will be made to auction it off, the proceeeds being turned over to the welfare board.

Mr. Cunningham, who will have charge of working the mines, has had some twelve years experience in this kind of work. Before going to Quitman some seven or eight years ago, he was in the coal fields at Clarinda. He has worked at a number of places in and around Quitman and thinks these plac es can be worked and enough coal secured to make it a paying investment.

All of the Quitman men at the meeting were very much interested in the proposed project. Mr. Bilby said there was no question that there was enough coal in that community to supply the county an dthat the quality was as good as anywhere.

It is the intention of the company to start work at other places in that community. But they are wanting to get coal as soon as posible and it is now thought this can be done within a week or so.

Another meeting will be held at Quitman next Sunday when a permanent organization will be formed and steps taken to take out incorporation papers.

PLENTY OF CITY WOOD NOW READY

CROWD OF VOLUNTEERS PUT IN GOOD WORK YESTERDAY.

BUSINESS MEN ASSIST

Many Calloused Palms Today from Hauling, Sawing and Chopping Wood to Avert Fuel Crisis

A good quantity of wood is now available at the city wood yard in the John Gray feed yard on West second St. The wood sawed in stove lengths can be obtained for $9 per cord at the yard or $10 delivered, cash must accompany the order.

Plenty of men, trucks, teams and wagons were ready yesterday to handle the wood that had been cut and taken out of the timber so that it could be loaded and brought into the city wood yard. The hauling was speeded up by a lot of first class volunteer help by the men and the trucks and teams loaned for work. F. G. Shoemaker furnished four teams and wagons, the Barmann auto company furnished a truck which was driven by Earl Barmann assisted by C. F. Remus The W. W. Randall truck was driven by James Irby and he was assited by Orville Carmichael and Charlie Gross; the Townsend company's truck was driven by Alva Kelley assisted by H. E. Miles of the Tribune and R. E. Williams wire chief of the Hanamo company; H. H. Kerr truck given by himself and assisted by A. Neil Somerville.

The work of sawing handling the wood at Grays Feed Yard was donated by the following men and a few others whom the fuel committee did not get the names of: Paul Sisson, George S. Pickens, M. A. Perry, Fred Diss, Marve Curnutt, H. L. Raines, Ed Keck, Anslem Schumacher, Harvey L. Haines, Theodore Robinson, Ed Schumacher, Edwin Grimes, Ned Busby, G. B. Holmes, Jr., H. D. Snyder, Bruce Montgomery, Frank Schumacher, William Donahue and a man furnished by Harry Tood.

Jack Holt, from whom the committee had purchased considerable wood telephoned in that if the committee would send the trucks, teams and wagons, he would get all the wood from th etimber and in the road ready to haul by organizing a gang of haulers there which he did.

The committee has another gang organized today to help haul wood out of the timber at Ad Holt's farm and this gang is composed of Dell Appleby & Son, Ben Chandler, Theodore Robinson, Frank Morton, Martin Penisten and Ralph Morton.

Workers are volunteering right along and plenty will be needed to handle the work, especially with severe and continued cold in prospect. All inquiries and offers of services are to be made of the fuel committee, composed of F. P. Robinson, George A. Pickens and Mayor W. O. Garrett whose headquarters for the administration of fuel is in the chamber of Commerce rooms.

HIGH SCHOOL MEETING REFUSED TO AWARD HONORS

The Northwest Missouri High School association met at Robidoux hotel in St. Joseph Saturday and spent considerable time in deciding protests and going over details. Two new directors were named by the association, C. M. Hobart of Benton high school, St. Joseph. Egbert Jenning of King City high school.

In the matters of protests, Carl Bland of Richmond was named eligible in the Richmond-Cameron football game this fall, and Trenton was counted eligible in the Trenton-Cameron game.

There are five schools contesting for the high school football champion ship of northwest Missouri, and includ Maryville, Cameron, Gallatin, Smithville and Richmond. Of these schools, Maryville is only undefeated one.

Maryville won seven and lost none; Richmond won seven and lost one; Gallatin won six, lost one and tied one; Cameron won seven and lost three; and Smithville won three and lost two. The standing of each of these teams based on percentage of games won and lost is as follows:

Maryville	1000
Richmond	875
Gallatin	857
Cameron	700
Smithville	600

In spite of the fact that the Maryville high school team had this conclusively won the championship, the board of control came to the amazing conclusion that it would refuse to award any championship this year. They had no reason for this action. The excuses offered were these:

First, they decided that the game in which Trenton defeated Richmond must be thrown out for the reason that Trenton had not paid the 25c fee required by the association by-laws. It has since been learned that Trenton had paid its dues, even though the board was not aware of it at the time. Even though this action had been legal, Richmond and Maryville would have been tied for the Championship. The Maryville representatives plead that the least the board could do would be to declare the championship a tie between Richmond and Maryville.

Then several members of the board expressed themselves to the effect that the championship was all a farce any way, for the reason that Maryville had not matched games with strong teams in the southern part of the district such as Cameron and Richmond. Although Maryville's representatives contended that this condition was no fault of ours, that we played teams which were members of the association, that we were not required under the consitituation to play any certain teams, we were arbitrarily over ruled.

The constituation specifically states that, "The board of control shall award the championship." The matter is not optional with them. They refused to do the duty under the constitution but attempted to sumbolm over the matter by saying "We believe Maryville and Richmond have the strongest teams in the association."

The Maryville high school feels that it has been unjutsly treated in this matter but will make no decision regarding what it intends to do until the board has been given an opportunity to reconsider.

In the matter of protests the board reconsidered the case of Cameron in the relay race held at the annual meet of the association at Maryville last spring. Cameron won the race but the cup was awarded to Maryville on a technicality. The board sustained its former decision. Cameron, it is said, had a runner competing, who had not been previously entered according to the rules. Maryville finished second and was given the cup.

Gallatin protested several Maryville football players on the grounds of over age, but according to the board the evidence was not sufficient to consider the protest. L. V. Crooksbank of Hamilton protested the eligibility of Paul Rising of Cameron, declaring that Rising had participated in college athletics. Cameron authorities say that Rising played football while in the S. A. T. C. corps, and declared it should not be counted against him. He is considered one of the best halfbacks in the association. The board did not decide the case.

Those at the meeting were: A. L. Dailey, Richmond; G. W. Diemer, Excelsior Spring; C. M. Hobart, St. Joseph; Egbert Jennings, King City; E. H. Ellsworth, Platte City; H. P. Swinehart, Maryville; J. M. McDonald, Maryville; A. C. Gwin, Cameron; O. G. Sanford, Trenton; L. V. Crookshank, Maysville; Joe Flint, Trenton; L. E. Zeigler, Maryville; R. R. Pickett, Gallatin; Robert Rice, Maryville; E. E. Munston, Cameron.

About fifty members of the First Baptist Sunday school drove to the White Cloud church yesterday afternoon to hold a union Sunday school service with that church. A good collection was taken which was turned over to the White Cloud church.

BURLINGTON JUNCTION NOW HAS A CITY WOOD PILE.

Burlington Junction now has a city wood pile under the management of the city council. The council started last week when the fuel situation for that town appeared to need some quick relief. The timber is being cut on the W. H. Davis, land west of town, thereby saving a long haul. A force of six or eight men have been cutting several days and a large supply is now available.

The wood was sold on the start for $4 per load delivered to the people of the town, and this will be continued unless the cost of cutting and hauling makes the price higher.

ENGLAND MODIFIES REPARATION TERMS IN PEACE TREATY

Paris, Dec. 8.—Pressure from the United States and France caused England to yield to modification of the reparation terms in te peace treaty protocal, it was learned from an authoritative source today. After England consented to less drastic measures for the sinking of interned German fleet at Scapa Flow, France and the United States agreed to eliminate military coercive clause, it is said. The American delegates now believe Germany will sing the prototcol because the chief objections have been greatly modified.

BERG TOPS MARKET IN BEEF CATTLE

PARNELL SHIPMENT BREAKS CHICAGO PRICE RECORD.

15 AVERAGE 968 LBS.

Entire Shipment Brings Record Prices Within 50 Cents of National Market Price.

Nodaway county cattle have again topped the record for the United States. This time it was in prices paid for fine beef cattle and the limit was broken by a shipment made by W. A. Berg of Parnell and sold last week on the Chicago markets.

In the lot, Mr. Berg had fifteen fine heifers which brought 22 cents per pound or $22.00 per hundred. The average weight of the heifers was 968 pounds. Fifteen heifers, averaging in weight, 828 pounds brought $21.50 per hundred.

These prices were the highest ever paid in the United States.

In the shipment Mr. Berg also sold thirty steers, averaging 1014 pounds at $20.50 per hundred and a lot of 34 steers and heifers, the "culls" of the shipment, which averaged 941 pounds each at $20.00 per hundred.

The prices brought by these cattle have been remarkable but not when the fact of their quality is concerned. Mr. Berg knows thoroughly the business of raising and feeding good cattle and his shipments always bring the top prices. He has a fine lot now on his farm near Parnell, feeding for later shipment.

MARYVILLE PASTOR PREACHES AT ST. LOUIS CHURCH

Rev. Dr. Samuel A. Coile of Maryville, Mo., who has been called to the pastorate of the McCausland Avenue Presbyterian church, will supply the pulpit of that church, 1517 McCausland avenue, tomorrow morning and evening. At the morning service he will announce his decision as to the call. It is believed that he will accept.—St. Louis Globe Democrat.

Dr. Coile will return to Maryville tomorrow morning. The matter of his acceptance or refusal of the call to the St. Louis church was to have been decided yesterday after a conference with the officials of the St. Louis church. Dr. Coile had not expected to go to St. Louis this week, but the fuel conservation orders closing churches here allowed the pastor to take advantage of the opportunity to go without vacating the Maryville pulpit.

CONFIDENT STRIKE SETTLEMENT NEAR

NO TERMS PROPOSED BY GOVERNMENT MADE PUBLIC

CONSIDERED TOMORROW

Operators Indicate they will Accept any Proposition put Forward by Government.

Washington, Dec. 8.—President Wilson hopes for the settlement of the coal strike tomorrow. The following formal statement was issued at the White House today:

"It is hoped on Tuesday afternoon there will be a settlement of the controversy between the miners, operators and the government through acceptance by the miners of a definite proposition submitted by the president. The proposition was submitted to Acting President Lewis of the miners by Attorney General Palmer Saturday.

The White House refused to divulge any intimation of the proposition on the grounds that it must first be submitted to the executive committee of the miners.

Washington, Dec. 8.—Fuel Administrator Garfield declined to discuss the plan for adjustment. He indicated, however, he is familiar with the details of the proposition and it is not out of line with proposals and recommendations he made to the operators and miners at a joint session ten days ago. The operators committee this afternoon issued a formal statement declaring their case in hands of the government and indicating they will accept any proposition put forward by the administration.

Indianapolis, Dec. 8.—Confidence the coal strike is virtually settled is felt in official circles here today. It was strongly indicated that the agreement between Lewis and the government will be ratified.

Indianapolis, Dec. 8.—The federal grand jury subponead to investigate the activities of the coal operators and miners will not meet until ten o'clock tomorrow morning. The announcement of the postponement was made by District Attorney Slack.

PRESIDENT DISAPPROVES OF MEXICAN RESOLUTION

Washington, Dec. 8.—President Wilson disapproves the Senator Fall resolution requesting a severance of diplomatic relations with Mexico and withdrawal of recognition of Carranza there.

In a letter to Senator Fall President Wilson declared the resolution "would be a reversal of our constitutional practices" and might lead to a very grave confusion in regard to our guidance in our foreign affairs.

The plan is under the direction of Prof. A. H. Cooper, and Dr. Jessie Clark, county and district superintendents of the young people's department. The first meeting is to be held next Sunday afternoon at the office of Dr. Clark and every one interested is expected to come and the full plans will be made then. Conception Helps Conserve.

C. C. Hellmers, manager of the Maryville Electric Light and Power Company, has asked that the street lights be turned off between the hours of 5:00 and 9:00 p. m., and that all using electric lights use the utmost care in curtailing the use of same in their residences and stores.

This request is made in order to conserve the fuel supply and make it possible for the plant to furnish light and power until such time as relief from present fuel shortage is obtained.

The Town Board decided to comply with Manager Hellmer's request and in consequence the town has been in darkness for the past week.—Conception Courier.

NEBRASKA FARMERS BURN CORN AND FENCE POSTS

RABBIT HUNT OF MEN'S CLASS TONIGHT POSTPONED.

The Men's Bible class in the First Christian church, taught by Rev. R. E. Snodgrass, have postponed the rabbit hunt scheduled for tonight until a later time. The men had intended a rousing big hunt time followed by a feed when the slaughtered game was to be the central item of eats, but the blizzard has made it impossible tonight.

The first evening this week, when the weather will allow, the class expects to go out in the timber, where they have engaged the wood and cut and bring in all the wood they can in the evening's work, which is to be given to the welfare board for distribution to the poor. This has nothing to do with the city's work, and is just the individual contribution of the men to help relieve distress in cases where there are people too poor to buy fuel.

The Jury Was Blindfolded AND

—when Hempel stood beside the New Edison and sang in direct comparison with its RE-CREATION of her voice, not a man could tell one voice from the other.

Do you realize that is the most severe musical test ever attempted? Do you appreciate that blindfolding these musical experts greatly increased their acuteness of hearing?

But acuteness of hearing did not avail. Like in 2,000 precious tone-tests, the New Edison proved that its RE-CREATION was not merely like Hempel's voice. It was Hempel's voice— indistinguishable from her living voice.

If you own a phonograph, or know phonographs, you must realize how wonderful this is—how extraordinary these Edison RE-CREATIONS must be. You will still further realize this when you come into this store and hear them for yourself. Make Hempel the basis of this interesting discovery. Listen with your eyes closed, while we play one of her gems for you.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Samsoun—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the *exclusive* process by which they are blended that gives to Chesterfields that *satisfying* body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do *satisfy* as no other cigarette has *satisfied* you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.

Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

A RAW, SORE THROAT
Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size $2.50.

MUSTEROLE
WILL NOT BLISTER

Good Advice

If you are sick and know what ails you, go to any drug store, the druggist will advise you the kind of medicine to buy. It may do you good. His services are free. If your eyesight fails and you know what is the matter with your eyes you can go to a store where they sell glasses. The dealer will test your eyes and sell you glasses. They may help you. His services are free. But if you are sick and dont' know what is the matter with you, call on an efficient doctor practicing medicine. He will cure you. If your eyesight fails, you don't know why they have failed. You have no way of knowing unless you have been a student of an optical college. Call on an efficient doctor of optics.
